Big Game General

Nothing herein shall be construed to authorize the hunting of game animals of any kind within any game preserve, closed area or refuge now established or which may be hereafter established for the protection of game animals.

In the event unforseen conditions should develop, resulting in the possibility of undue reduction of big game, the State Fish and Game Warden has authority to close or shorten the season upon two days' notice.

Regulations Governing 1954 Deer Season

DEER CARCASSES TO BE TAGGED: Section 26-205, Montana Fish and Game Laws. ". . . when any person shall take or kill any deer or elk under such license, such person shall immediately thereafter detach from his license, and attach in plain sight to the carcass of said animal or animals, the proper tag, completely filled out, which said tag shall be kept attached thereto so long as any considerable portion of the carcass remains unconsumed."

GENERAL DEER SEASON: October 15 to November 15, 1954. (See exceptions under County Regulations.)

LIMIT: One deer per person per license year may be taken as follows:

1. During buck season, one male deer with antlers not less than four inches in length above the top of the skull.
2. Where specified during hunter's choice season, one deer of either sex.

SHOOTING HOURS: Shooting hours for all big game shall be between the hours of 5 A. M. and 8 P. M., M.S.T.

Hunting on any Game Preserve or Closed Area made for the protection of game animals is not allowed unless specified in these regulations.

ARCHERY SEASON REGULATIONS

In any area open to bow and arrow hunting a special archer permit ($2.00) shall be required and may be obtained from the Fish and Game Department in Helena or your local license dealer agent.

The use of firearms in any manner to aid or assist any person in the hunting or killing of any game animal or birds during the open season in any special area where the hunting with bow and arrow only is allowed is prohibited.

When any area is declared open to hunting game animals or birds with bow and arrow only, the following type equipment shall be used:

A non-mechanical bow of not less than 40-pound pull, capable of projecting an arrow 150 yards. The arrow shall not be less than 24 inches in length. It shall have a steel cutting head not less than one inch in width.

It is further prohibited for any person to use any crossbow or mechanical bow to hunt or kill any game animal or game birds at any time.
